# SMOKE SIGNAL

20

September/**October**

19

A hot summer draws to a close, and ~~Halloween~~ and the November

Turkey Shoot cross-sticks match can't be far off...

Range News: *NEW GATE:* "Look out, 'cause the A.M.L.G.C. is using technology....!" We've got a nice, easy to use GATE with electronic access, thanks very, very much to volunteers, Clif Denny, Paul Paterson, and Gary Quandt our Range Officer! With the new gate, one simply adds in a three digit code: number, number, number, number, and then the "#" key, also known as the "pound sign" and increasingly these days, thanks to the tweetings and tweets of those who follow that kind of thing, the "hashtag" symbol. So: as an example: "1,2,3,4, #." The gate will automatically swing open, and it will close behind your vehicle after you drive in. There is no longer a need to exit your vehicle to close the gate, and of course, this obviates the use of the combination padlock. For the time being, *the current code or access numbers from the padlock are the same as those to access the electronic gate.* After the yearly business meeting in January 2020, the last four digits of your Texas Drivers License will serve as *your own personal membership access code.* For that reason, as will be discussed under "Membership Renewal" below, attentive readers will see that we need a copy of your license with the number along with the lien release and membership fee.

*HELP POLICE THE RANGE:* For the most part, things are copacetic at the range facility—there has not been any deliberate vandalism of late, and the physical plant is mostly OK. If range users could help out with

ensuring that old targets, paper, packaging, empty containers, etc.—particularly on the firing lines—gets put in the trash cans, that would be very helpful and most welcome. “Pack it in? Then, please, pack it out.”

Above: The posts going in for the new entrance and gate to the range in September, when it was still mighty hot! Thanks very much!

*Flouting the rules:* This buster, pictured below, is using a smooth bore shotgun on the pistol range. The sign clearly says that shotguns at this time are *verboden* on the pistol range. The rules apply to him as much as they do to all members. We may not like one or another rule, but we do agree to abide by them. It's part of our contract and obligations when we become members. Fortunately, this guy didn't appear to knock out one of the target frames. Take it from me, the author of this missive: Defensive shotgun training in the Bexar County/ Central Texas area is available, and is not prohibitively expensive. Just not at our range. A defensive shotgun class allows one to really “run the gun,” pattern it with buck shot, learn all sorts of drills, the use of cover, and really understand the ins and outs, advantages and disadvantages of the hoary old pump-action and new-fangled self-loading “police cruiser” and other such defensive arms. No, the shotgun has not been entirely supplanted by the self-loading carbine, and still offers the dedicated user a lot of effectiveness for the money spent on it. I highly recommend such a course for anyone so interested. Follow-up courses offer a chance to refresh skills and introduce what might be new.

In the meantime, please respect the posted signs, and follow the rules. They are in place for the enjoyment and safety of all our members.

***SAFETY ALERT:*** A member brought to the Board of Directors a safety concern. Someone was shooting at the range at some really nifty and cool “push in ground” “Original Woody’s Targets TM— Rifle•Pistol•Rimfire•Air Gun” #15 Prairie Dog. These are really neat! They are made of a slat of heavy-weight cardboard/ fiberboard material, with an image of the little furry rascal varmint, and a high-visibility day-glow aiming bulls-eye superimposed. So what was the issue? Well, these targets are pushed into the ground, and then the user fires at them... And there is a ricochet hazard. To demonstrate, one of the targets actually had evidence of a ricochet that had bounced up of the ground and tore through the target. Fortunately, these targets have a little hole where the critter’s eye would be. The Board of Directors will not have a problem with these targets provided they are mounted on the regular backboard within a target frame. The issue is that all shots fired should go straight into the back stop or earthen berm. So while these are designed to be “pushed into the ground,” and thereby resemble varmints close to their burrows, they can be *safely used* simply by hanging them or mounting them from one of the target frames. Please do give some thought to how a particular piece of equipment can be *most safely used* on our range facility. Thanks!

***DO NOT SHOOT AT TRASH! Or old FRUIT!*** So, as one might expect, perhaps, from a double-issue of *SMOKE SIGNAL* we have a bonus! Extra scolding! In keeping with the above stated need to properly police the range and ensure it is ready for use, we have clear rules to not shoot at trash or litter. But some people shoot at cardboard boxes—with their names and addresses left on, I might add?—and still others wanted some reactive targets. I’d be the first to agree that there may be something hard-wired in us with an urge to splatter things. In this case, someone shot up a bunch of pears. The resultant mess was then left for the wildlife to consume, I guess. Most such wildlife included insects, bugs, flies, and so on. So again, let’s be sure to pick up after ourselves, *mmkay?*

***FOR SALE:*** A freshly painted Steen Cannons-mfr. Tredegar 2-1/4” mountain rifle. This is the artillery tube only, no carriage. These so-called “mountain rifles” had three-groove, saw tooth rifling, with a rate of twist of 1 turn in 10 feet. Often referred to as the Model 1862, the 44-in. tube weighed about 190 pounds, remarkably light for muzzle-loading ordnance. It is made of iron and has a steel liner for the bore and rifling. Price \$5,000 firm. Contact Bill Knipscher, Club Vice-President if interested. Photos will soon be available.

***MEMBERSHIP RENEWAL TIME!***

You should soon receive a mailed invitation from the Alamo Muzzle Loading Gun Club and/or the Secretary, Dave Carlson in your *buzón*/ mailbox. This will include the AMLG Club's yearly business meeting to be held at Grady's Barbecue on Bandera Road, Saturday 11 January 2019. It is recommended to arrive about 6pm or so if you intend to dine before the meeting, that way you can get everything ordered and delivered before the AMLGC President, Greg Delk, calls the meeting to order at 7pm. As was the case last year, the Board of Directors will try to keep everything to about an hour, give-or-take, although certainly people are welcome to stay a bit later and catch up with friends.

THIS YEAR YOU WILL HAVE TO INCLUDE: 1. Your valid TEXAS DRIVERS LICENSE so that the last four digits of your license number may be input into your own personal gate key code. When 1 February rolls around, and the key code changes, you will simply use your license digits—the last four—followed by the “#” sign to open the range gate. 2. Your NRA or NMLRA membership number, so that we know you can be insured. 3. A signed lien release statement. 4. The membership fee of \$125, unless you are a brand new member, in which case it would cost you \$150. Looking forward to seeing everyone!

TEXAS MUZZLE LOADING ASSOCIATION JUNE 2019 STATE CHAMPTIONSHIP SHOOT RESULTS:

## SWAP SHEET

### Texas Muzzle Loading Rifle Association

**June 2019 State Championship Shoot Results**

**October 2019 Fall Blanket Shoot Swap Sheet**

#### **President's Column**

The June shoot was a good one for those who attended. Everyone stayed safe and that's most important. Chris Ayers was inducted into the Muzzle Loading Hall of Fame. Leighton Stallones auctioned off a Judge Resly rifle that was won by Steve Marshall. Leighton then donated \$1000 to the TMLRA for improvements to the range house. Thanks to Leighton for the donation and to Steve and the others for bidding. We elected new officers and for the first time in many years, Andy is not one of them. Enjoy your time off Andy, it probably won't last long. The new officers elected are:

President - David Neuses

1st Vice President, Targets - Danny Cantrell

2nd Vice President, Range House - Angie Cantrell

3rd Vice President, Awards - Ron Abbott

Secretary/Treasurer - Fred Greenway

Publications Editor - Chris Ayers

Range Chairman - Kevin Lee

Chief Range Officer - Steve Otteson

The October shoot will be held on the 3rd through the 6th. It is a prize shoot so bring a prize or pay a \$10.00 entry fee. Anna and Toby Butler and Tambi Dudley donated Schuetzen powder that will be on the prize table. Thank-you Anna, Toby and Tambi. There will be a short meeting of the Board of Directors at the range house, probably on Friday, depending on when most members get there. We will have our traditional beef stew and auction on Saturday night. Auction items are always welcome

Now back to the part about improvements to the range house. I did not schedule an actual workday because we didn't come up with any real plans on what to improve. Andy replaced some of the lights in June and the rest should be done as well. Some of the siding needs to be replaced and painted. I'm thinking the weekend before the 2020 June shoot might be the best time. Let me know what ya'll think.

That's all for now. I'll see you in October.

Dave

**TEXAS FREE TRAPPERS RENDEZVOUS XXX**

**SHINER, TEXAS**

**November 7-10, 2019**

- 🔫 Period Camping – separate modern camping/no hookups. Bring water, firewood is available for gathering.
- 🔫 Period dress is required for all competitors and campers.
- 🔫 Prospective and beginning buckskinners are welcome. Don't be bashful, if your gear isn't perfect yet. We can help you.
- 🔫 All shooting will be out of the pouch, using traditional weapons with open metal sights and patched round balls.

**THURSDAY (11/7)**

Gate opens at 1:00 PM for early camp and target setup. Your help will be appreciated.

**FRIDAY AND SATURDAY 11/8-9 (events run both days)**

- 🔫 Rifle Walk   🔫 Rifle Match   🔫 Pistol Match   🔫 Knife & Hawk Match
- 🔫 Fire Starting   🔫 Period Archery Match (bonus points for all natural materials)

**SATURDAY EVENING 11/9**

- 🔫 Potluck Dinner - bring a main dish or dessert and take part in the feast and fellowship
- 🔫 Council Fire   🔫 Awards, News & Announcements   🔫 Period Tales

welcome 🏹 Music

## SUNDAY 11/10

Break camp and clean up the site before heading home.

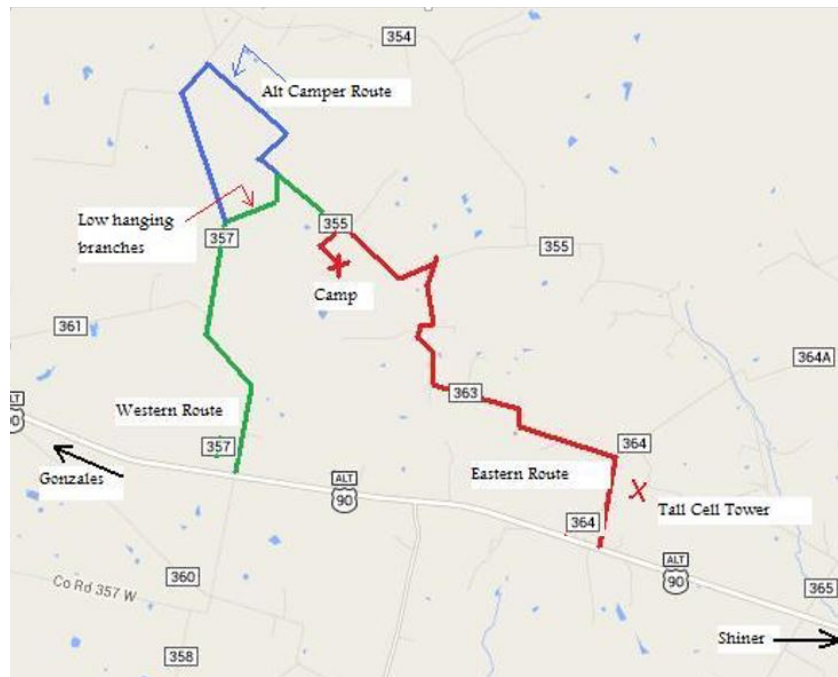

WSCB Family Dues - \$15/year. Competition fee incl. camping - \$15. Camping only fee - \$10/lodge. **No fee for seekers.** No additional fee for traders, but period or related items only. Each competitive event will have a re-entry possible for \$2. Each competitive event will have its own winners. Number of cash prizes will be based on numbers of competitors.

For more info contact Booshway Joe Wolf (Grey Wolf) 830-935-3121,  
32wolfbear@gmail.com,

or Segundo Rusty (Mató) Hathaway 512-422-0377,  
Rusty\_Hathaway@msn.com

Facebook Group: Texas Free Trappers

Please R.S.V.P to Jack Simons ([jblmrm3@satx.rr.com](mailto:jblmrm3@satx.rr.com)), Booshway or Segundo that you will be attending. Entry into site is controlled and you must call Booshway or Segundo upon arrival so they can open up the gate. Any threat of cancellation due to weather, call before leaving home!
