SMOKE SIGNAL NEWSLETTER April 21st, 2021

Editor – Ian Straus

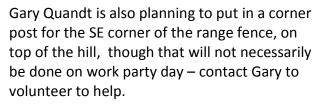

We had a great turn-out for the work party on March 20th! Not only club members, but also the 4-H. brought by Linda Henderson.

The range house's roof was fixed over the porch, and the crew up there discovered that the north side of the roof also needs work. Missing tin on

the 50 yard line roof was replaced. The bird hole on the storage building (future target storage, former shower) was fixed. We put in six steel fence posts and raised a lot of fence wire. The counters on the "concession stand" were replaced. And a lot of painting was done. Thanks to you all!

There will be a work party May 15^{th,} 9AM. Goals include: To fix the storage building floor, to fix the north side of the range house roof, to drive more steel fence posts and hang "no trespassing" signs, and to mow and do general clean up. Bring appropriate tools on May 15th! A chain saw and brush cutting tools would be good for the fence group.

Gate problem:

The gate is not always closing properly after someone passes through. When that happens, re-enter your gate code to get it to close. We're attempting to contact the gate guy to address the issue. Meanwhile please wait until you see that the gate closes behind you when you enter or leave, and if it doesn't

then please to re-enter your code to close the gate. If that doesn't work, call Gary Quandt.

Alamo Muzzle Loading Gun Club has affiliated with the Civilian Marksmanship Program. This will enable us to apply to run CMP-sanctioned matches; club members to buy in surplus military firearms sales (guns to be shipped to a licensed firearms dealer); and to participate in CMP youth-oriented programs. CMP's web site is at https://thecmp.org/

Safety note: If you see something say something (about range rules violations) and report the date, time, and a license plate. Members don't have to confront people.

In memoriam: A long-time member, age 90, passed away in March: Mr. Marshall Mundorff.

Black Powder sources – order over the internet:

Grafs.com or powderinc.com, board members have ordered powder from these in the past year and found shipping and hazmat fees reasonable.

Until next month - Ian Straus
