The May 15th work party was ended early by heavy rain. We drove seven fence posts, and the floor of the future target shed turned out to only be rotten along the edge – good news! The skirmish target shed was cleaned up. But the range house roof was not fixed, because it was raining.

But meanwhile Gary Quandt is looking for a member or members who know how to roof, preferably who will bring a tack gun, who will volunteer to work with Gary to fix that roof. The second spring storm had 80 mph winds and blew some shingles off, making this more urgent. Call Gary Quandt at, 210-248-8182

Expect the next work party after the summer heat, maybe in September, date to be announced. We will want some chain saws, lopper shears, and work gloves to clear dead trees off the fence wire.
