## Work party the second Saturday in October (Oct. 9<sup>th</sup>) at 9AM! Come and Range

Chairman Gary Quandt will put you to work: Cleanup, target shed, roof ... but among the work is the south fence: Last work party we put in several steel fence posts. Now we need to pick up the wire, and to do that we need to get fallen trees off the wire and cut brush. So chain saws, big pruners, a long prybar, work gloves are needed. Maybe a trailer or truck to move trash wood.

## September 5<sup>th</sup>, 2021 shoot scores:

**Musket skirmish Sept. 18th:** Seven participants. Dennis Rich's team led in the pigeon board, but after that Alan Pinel's team cleaned up.

**Other news:**

- There is discussion of a December 11<sup>th</sup> musket skirmish, to make up for the one cancelled in the February freeze; and of shooting smoothbore.
- Bad news: A tick was found at the September skirmish. Up until now we haven't had these pests. Rattlesnakes and fire ants, yes we've had those, but not ticks or chiggers. The club may put tick poison in the grass - but please check yourself for ticks and consider using repellent this next couple of months.
