<http://www.amlgc.com/about/membership/>

1. **This year for the first time—Your valid Drivers License!** Please bring a *photocopy* of your valid DL, Texas or whatever other state you primarily reside in. Why, you might ask? *Because in February the last **four digits** of your drivers license number will be your **personal gate entry code**.* For the time being, we are using the current combination code, followed by the “#” “pound key.” Once February 2020 rolls around, it'll be your last four license numbers followed by the “#” key to operate the automatic gate to get into the AMLG Club's range.
2. Bring your check for \$125.00 USD for renewing your family membership. If you are a *new, first time member* the first year's fee is \$150. You should also bring proof that you are a member of either the National Rifle Association and/or the National Muzzle Loading Rifle Association. We have to have everyone a member because it is necessary for *insurance purposes*.
3. Bring in a signed lien-release “hold harmless” document for the year. You can print off a copy of the forms at the AMLG Club's web page at http://www.amlgc.com/wp-content/uploads/2018/02/AMLGC_application-2018.pdf
